## City Board Of Education List Of Candidates

(Continued from Page 1-A)

mittie group which has "carried the ball" to successful withdrawal of Torrance from Los Angeles City domination. Dr. Howard A. Wood, James L. Lynch, Mrs. Grace W. Wright, Carl D. Steele and Mrs. Evelyn Carr. The independent candidate following their views is Albert Isen, attorney at law.

As indicated by the sponsors, the anti-Torrance schools group, with the backing of Los Angeles school teachers and other interests, consists of: Mrs. Mary J. Millard, Kenneth Beight, Cecil W. Smith, Margaret H. O'Toole and Bernard Lee.

It is possible that some of this group may not be aware of the close affiliation of their sponsors with the Los Angeles Schools and of their sponsors' opposition to the establishment of an independent school system in Torrance. Should they wish to clarify their positions in this regard, The Herald will gladly print their statements in next week's issue without charge.

The ticket which usually comes forward with a slate in protest of administrative affairs of Torrance and which has been active in many past elections is offered by James A. Evans and consists of: Dr. Howard A. Wood, P. Raymond and George V. Thatcher.

Those analyzing the candidates admit that even in this camp there may be differences of opinion, since Raymond recently resigned as Civil Service Board chairman and Thatcher took his place in that City position. Thatcher, it is said, may bring about the split of the Walteria vote of sponsors of Mrs. Millard since Thatcher and his friends were active in support of the City Charter and separation from the Los Angeles school system.

The Los Angeles schools ticket sponsors include several Los Angeles teachers and opponents of the separation of Torrance schools from Los Angeles, many being residents of Hollywood Riviera. The Hollywood Riviera Home Owners association is headed by William M. Edwards, teacher at Los Angeles City college, signer of the petitions of Lee and Beight, while Councilman George V.

## Bandit Shot By Robbery Victim After Holdup

Identified by the man he greeted as "Pop," Eugene L. Dodson, 24 Wilmington, was in the prison ward of Los Angeles General hospital where doctors probed for a gunshot wound which had been fired there Saturday by the man called "Pop."

Alex J. Wysocki, proprietor of a liquor store at 21923 So. Main st., told officers that Dodson came into his establishment and greeted him with "Hiya, Pop," then followed the greeting by leveling a gun at him. Wysocki said Dodson proceeded to remove \$150 from the store's cash register and from his pants pockets, and two bottles of whiskey from his shelves.

The alleged bandit then entered a back room for further plundering but when he came out, officers explained, the proprietor welcomed him with four shots from a .38 revolver of his own. The bandit screamed, dropped his package of loot and fled the store, his gun clicking but firing no shots.

A few hours later Dodson was reported to have appeared at San Pedro hospital in a "friend's car" with a gunshot wound in his abdomen. By the time police arrived both friend and car had fled. Dr. J. Thomas H. Rankin reported that Dodson was booked on suspicion of robbery.

Powell, Los Angeles City schools custodian at the high school, also is sponsoring Beight.

Among Los Angeles school teachers appearing on other tickets is Thomas T. Rabbit, sponsoring Mrs. O'Toole and Cecil Smith.

Many of the Walteria group sponsoring Mrs. Millard formed a vigorous opposition to the City Charter and the independent Torrance school system which it provides.

Resolving the terrible responsibility to the children of Torrance and the community at large, which will be held by the Torrance Board of Education, a large group of citizens already has been formed to back the Charter Committee candidates and to assure their election.

Members of this citizens committee stated that the first Board of Education must have a thorough and sympathetic knowledge of the needs and problems of the children of Torrance as well as a complete picture of the many legal and administrative phases involved in setting up the Torrance City School system.

Likewise, it is pointed out, the claims of the Charter Committee having been endorsed by the voters of Torrance at two recent elections, it is the responsibility of this group to carry on in the gigantic process of forming the new school system.

The double endorsement of the work of the committee has been their signal to "go ahead" and prepare for the tremendous task ahead and it is accepted that no group is as well qualified for this task, the educational future of the children of Torrance, as the Charter Committee and its close cooperators.

## Letters to Editor

Feb. 4, 1947

Editor Torrance Herald:

At a regular monthly meeting of the Hollywood Riviera Homeowners association Willard Key told us that two new plans had been accepted by the art jury, and we were disappointed to hear that the Avalon Corp. had initiated an injunction against Rudolph Mayer who is purchasing Hollywood Riviera No. 2 for development. This, of course, will mean a long delay in the development of that portion of Hollywood Riviera.

Comdr. Wm. A. Mason, in his report on the water situation, could not see any immediate relief in sight. He commented upon the possibility of the Metropolitan Water line being run up the coast highway in the event that the Bay cities are allowed to form a water district. This would possibly solve the situation for Walteria and ourselves, but even if successful will be a long time and with a well in Torrance recently having salted up, our situation is still serious.

John Rice reported considerable progress on improvements in the tract. He gave an account of a long talk with Mr. Blake, the park superintendent in Torrance, and feels that Mr. Blake will cooperate a hundred percent with reasonable demands concerning our parkways, parks and parking strips. Mr. Rice had been unable to see City Engineer Jain regarding the roads, and felt that this should be done before making specific recommendations.

In connection with improvements, our president, Wm. M. Edwards, reported that Redondo Beach Council had approved the street light for which we had asked, and that the order had been placed with the Southern California Edison Co.; however, the action upon the second light which must come through the City of Torrance had not been so positive, our request had been referred to City Engineer Jain, who in turn had requested an estimate from the Southern California Edison Co.

Mrs. Wm. Stackhouse, chairman of our school committee, met us with two disappointing reports. The first concerned our interview with Mr. Raymond Darby, chairman of the Board of Supervisors, regarding our petition to remain in the Palos Verdes elementary school district.—the committee was told by Mr. Darby that the Board of Supervisors had no jurisdiction since Torrance was a Charter City, and so we would have to remain with Torrance. The second disappointment came about as a result of our petition to the school survey group formed as a result of the Strayer Committee report; a letter from Mr. C. C. Carpenter said that our situation could not be surveyed until the time when the whole Bay cities area was done, and even then we would probably not be considered since we belong to a Charter City. Mrs. Stackhouse then introduced our guests of the evening Mr. and Mrs. John Garner, who gave us many enlightening facts concerning the school situation in Torrance and the proposed Torrance School Board.

However, our group went on record as definitely supporting the placement of additional candidates on the School Board ballot. The discussion which followed served only to deepen the gloom surrounding our future school situation.

The next meeting of the association will be held on March 3, 1947, at the home of Mr. and Mrs. Wm. M. Edwards, 266 Via Buena Ventura, and nominations will be made for new officers at that time.

Mrs. Wm. M. Edwards, publicity chairman.

### FIRST SKI TOURNAMENT

The first regular ski tournament in the United States was held on Feb. 8, 1887 at Red Wing, Minnesota, according to the Encyclopaedia Britannica.

## Skin Irritations!

Over the years so many thousands of bottles of Moone's Emerald Oil have been sold to help sufferers of itchy skin and comfort from the itching and torture of Eczema, rashes, pimples and many other externally caused skin eruptions that we unhesitatingly say to you today: "Try Moone's Emerald Oil for ten days; if not completely satisfied, money back—stainless—graciously."

POULTRY, TURKEY, RABBIT, DOG & LIVESTOCK RAISERS  
Use **GERM-O-TONE** "It Works"
